

Davie County Montage Print Coming This Spring

Have you ever seen one of those highly detailed montage pen and ink drawings that tell the story of a community in an intricately detailed pen and ink drawing? These pieces of art are conversation pieces that make wonderful gifts and look great in any décor.

Community Creations is preparing one of these instant collectible pieces of art for Davie County with a spring 2013 release schedule.

While dozens of local sites, people and buildings will be included in the print based on historic importance, local businesses are being given an opportunity to be included in this instant collectible.

The Davie County hometown montage print is well underway and local businesses have reserved more than

half of the spaces on the print. With a spring 2013 release scheduled, now is the time to make sure your business is included in the Davie County montage that will commemorate the past and present architecture and the sites, people and history of Davie County.

Community Creations, the company producing the prints has already produced montage prints for Asheboro, Burlington, Durham, Greensboro, High Point, Lexington, Mount Airy, and Salisbury with Winston Salem due for release in a few weeks. Printed on high quality, linen paper suitable for framing, the Davie County montage will be an instant collectible.
