Here's another chance to buy fresh, local and healthy this week! The Peachtree Farmers Market is open on Friday afternoons from 3 PM until dusk. The Peachtree Farmer's Market is located in the town of Bermuda Run at the intersection of Hwy 158 and 801 on the street behind Bojangles.

## **Mocksville Farmer's Market Going Strong**

The Mocksville Farmer's Market on Wednesday had 20 producers participating and a parking lot full of folks buying up produce, breads, honey, mushrooms, pumpkins, apples, and more.

### **A Fresh, Local and Healthy Bounty**

This writer went home with several bags of goodies including an assortment of crisp fall apples for only \$3, – four servings of delightful persimmon pudding for only \$1.50 – a small bag of sweet, crisp, beautiful carrots picked that morning for \$2 – a generously sized loaf of delightful whole wheat bread made from the freshest home-ground wheat grain for \$3... and a small bag of wonderful homemade chocolate chip oatmeal cookies for only \$1. This was a terrific fresh, local and healthy bounty of health for just about \$10.
